

MIKE OWINO

Software Developer

Eldoret | +254-741-962-195 | mike@mikeowino.com | www.mikeowino.com

CAREER SUMMARY:

Experienced Web Developer adept in all stages of advanced web development. Knowledgeable in user interface, testing, and debugging processes. Able to effectively self-manage during independent projects, as well as collaborate in a team setting.

WORK EXPERIENCE:

Front-End Developer - GavoFoods International, Eldoret

March 2023 – Present

- Front-end Development: Create and maintain responsive and visually appealing web interfaces using HTML, CSS, and JavaScript, ensuring a seamless user experience.
- Django Integration: Collaborate with back-end developers to integrate front-end components with Django, optimizing website functionality and performance.
- Server Management & Deployment: Manage server configurations, handle deployments, and troubleshoot server-related issues to ensure website availability and reliability.
- Database Management: Oversee database design and management, ensuring data integrity and optimizing database performance for efficient application functionality.
- WordPress Expertise: Maintain and customize WordPress websites, including theme development and plugin integration, to meet the organization's content management needs.

Full-Stack Developer | Support - Lancolatech Company Limited, Eldoret

November 2021 – Present

- Develop web applications using Next.js, creating intuitive user interfaces.
- Customize and manage WordPress websites, including theme and plugin development.
- Oversee server configurations and ensure application availability.
- Implement efficient deployment processes and CI/CD pipelines.
- Optimize databases for performance and data integrity.
- Collaborate with designers and back-end developers to deliver high-quality projects.

Graphics Design - Kenya Dental Association, Eldoret

October 2021 – November 2021

- Oversaw all aspects of design and development, and offered design solutions when necessary.
- Assisted with a wide range of design projects and met tight deadlines.
- Offered design solutions that effectively solved problems and enhanced advertising goals.

System Administrator - National Hospital Insurance Fund, Nyeri

January 2020 – March 2020

- Managed network security and filtering settings.
- Installed and configured software and hardware.
- Reviewed system and network performance to make proactive adjustments based on established IT policies.
- Assisted with installment of XTERM to fulfill program completion requirements.
- Removed malware, ransomware and other threats from laptops and desktop systems.

IT Intern - Dedan Kimathi University Of Technology

January 2019 – March 2019

- Designed and evaluated WAN and LAN connectivity technologies.
- Monitored network hardware operations to evaluate proper configuration.
- Performed network security design and integration duties.
- Investigated hardware product issues involving materials and software and devised solutions.
- Researched complex technical issues and provided resolutions.
